Energize Your Behavioral Health Team

The Clear Path Project is HCANH’s unique initiative to expand the capacity of home health agencies to care for patients with behavior health diagnoses and improve overall health outcomes. Twenty-one agencies have participated in this project in the past three years.

Now in year four, The Clear Path Project adds a new level of flexibility for agencies with our customizable a la carte training opportunities, rather than the annual subscription fee. Educate two clinicians or twenty! Strengthen staff skills in behavioral health with Clear Path Project trainings that work for your agency!

The Clear Path Project onsite training programs are open to HCANH member agencies that participated in any previous year of The Clear Path Project. All participants retain free access to the 19 previous Clear Path Project webinars and new webinars will be added and available throughout the year.
Full-Day Training
April 12, full-day training for clinicians new to The Clear Path Project behavioral health training -- ideal for RNs, rehabilitation therapists and social workers. Each participant will receive presentation folders and Care Guides for depression, anxiety, bipolar disorders and schizophrenia. There will be 6 contact hours offered. Training includes lunch and printed materials for participants. Program is $225 per registrant, or $175 each for 4 or more registering from the same agency.

Half-Day Case Study Review
April 13, half-day case study review session for experienced clinicians to delve deeper into behavioral health issues and case studies. There are 3 CEU's available for the half-day program. Program is $50 per agency.

Expert Faculty
C&V Senior Care Services has worked with the Home Care Association of NH to develop The Clear Path Project in New Hampshire.

Katherine Vanderhorst, RN, is President of C&V Senior Care Specialists. She is a psychiatric nurse specializing in behavioral health and Alzheimer’s care. She has published two studies on the effectiveness of behavioral health home care and is the co-author of two books and numerous articles on behavioral health and dementia care for seniors at home.

Amy Craven is Vice-President of C & V Senior Care Specialists and a doctor of physical therapy with over 25 years of clinical and leadership experience in home health rehabilitative care. She specializes in clinician and caregiver education to effectively treat patients with Alzheimer’s disease.
