Utilizing Maintenance Therapy in your Agency to Elevate Clinical Programs

2-Part Webinar Series – October 23, 2014 and November 6, 2014

11:30 a.m. to 1:00 p.m. Eastern – Audio Recording Available

Presented in partnership with the Ohio Council for Home Care & Hospice

2013 Court Rulings have altered the traditional CMS interpretation improvement standard regarding therapy coverage for chronic patients. As a result, maintenance therapy can now be provided to qualifying Home Health patients under the Medicare benefit. Providers who plan to deliver maintenance programs to their patients should be knowledgeable about the skill level required, how to manage these types of patient programs, and how your therapy staff should produce and deliver these care plans. Learn the specifics of maintenance programming from this progressive webinar series, and create audit-proof programs for chronic patients.

Program Objectives:

Webinar 1: Defining Maintenance Therapy

- Define maintenance therapy and contrast to traditional CMS' improvement standard use.
- Outline Jimmo vs. Sebelius and the ramifications on current rehab delivery.
- Contrast restorative therapy and maintenance therapy under the homecare benefit.
- Propose examples of qualified maintenance therapy homecare programs.

Webinar 2: Maintenance Therapy: Developing - Delivering – Producing Visits – Reassessments

- Identify the maintenance therapy client and propose an ongoing maintenance program.
- Develop a qualified homecare maintenance program for this client.
- Compose a qualified homecare maintenance program including HEP use.
- Describe the delivery and documentation of a maintenance therapy program.
- Employ reassessment management for maintenance therapy homecare programs.

Faculty: Arnie Cisneros, P.T., president of Home Health Strategic Management, has provided clinical services, program development and management consultation in the areas of geriatric rehab, sports medicine and home health since 1979. His clinical background is primarily orthopedic based from his tenure with The Ohio State University Sports Medicine Department. He is renowned for his adaptation of traditional care philosophies to address current and future healthcare initiatives. His status as a currently practicing clinician provides a working level insight into program development and care consultation needs for Home Health providers. He authors "Home Health Forum", a bi-weekly column addressing contemporary homecare issues and is a contributor to "The Remington Report", Caring, and Decision Health publications. He presents nationally on homecare topics including S.U.R.C.H. - UR for Home health, OBQI Case Conference, and PPS/P4P strategies. The presenter has declared no conflict of interest for this program and will present fairly and without bias.

Registration Fee: Member rate for the series is \$330.00 - Non-members \$660.00. Indicate if you will be calling into the live webinar or purchasing the audio recording (fee is the same). The live webinar includes the opportunity to ask questions of the presenter. If you desire to purchase both the live webinar and the audio recordings, pay the registration fee and an additional \$70.

Continuing Education: 1.5 contact hours will be awarded for each segment of the series.

Utilizing Maintenance Therapy in your Agency to Elevate Clinical Programs
