Who We Serve

The **Home Care Association of New Hampshire** is a non-profit membership organization serving home health care agencies licensed in New Hampshire. Founded in 1974 by a dedicated group of home care leaders, the Association promotes high quality health services for individuals at home, with the goal of helping people maintain or restore their health and well being. More than 40 agencies are currently Provider Members. We also have Affiliate Members that offer products and services to home care agencies or consumers. Our website attracts health care professionals, job seekers, patients, and referring providers.

Reach our Members, Professionals, Clients and Families

Our web platform gives you a great platform to reach potential customers and clients. Web advertisements on our page come in two sizes, and appear on the side bar of the website. The larger of the two is our search function sponsor, a 700 pixel rectangle toward the middle right hand side of the screen. Search sponsor placement allows users to find homecare services in New Hampshire, as well as see your logo on every screen.
