

Final Preparations for ICD-10 Webinar Series

Tuesdays, August 4 & August 18, 2015

2:00 pm - 3:30 pm

Available individually or as a series!

ICD -10 Transition: Be Ready!

To Do's for Transitioning to ICD-10 - August 4, 2015

The **To Do's for Transitioning Course** will discuss where agencies should be in the planning & preparation process in the last 3 months and what needed to be checked/verified at time of "go live" and beyond. Home Health & Hospice organizations need to be prepared by testing ICD-10 with vendors, payers and internal testing of test and live systems. Proper preparation can facilitate coding and seamless payment of claims.

Objectives:

- Discussion of the items that need to be in place for a smooth transition to ICD-10
- Final checklist by department will be reviewed
- Review potential issues at time of "go live" & beyond
- Discuss what area may hold up billing or cash flow

Specialty Coding: Maternal Child Health

Maternal Child Health & Pediatric Coding- August 18, 2015

Specialty Coding Webinar provides detailed coding staff who need to understand how to accurately code in ICD-10. Detailed coding could decrease the amount of requests for additional documentation, given that ICD-10-CM codes will provide greater specificity and detail. Even with the additional EHR tools, advanced coding knowledge is still required to accurately select the diagnoses that best describe the individual patients. **Please note: The ICD-10 Coding Manual will be referenced in the Specialty Coding webinars when referring to different scenarios. Participants need to have a manual with them.**

Objectives:

- Review common diagnoses for Mothers
- Review common problems with newborns & infants
- Review pediatric congenital & chronic conditions

Webinar Presenter: Joan Usher, BS, RHIA, COS-C, ACE, President, JLU Health Record Systems is a nationally recognized AHIMA Approved ICD-10-CM trainer. Joan has a degree in Health Information Management and has been a home health consultant for over 28 years. She has educated more than 15,000 people in nationwide on coding. Joan is past president of the Massachusetts Health Information Management Association (MaHIMA) and has served three years as a delegate for American Health Information Management Assn (AHIMA). Joan's webinars consistently earn outstanding reviews from participants.

Final Preparation for ICD-10 Webinar Series

A recording of each session will be available free of charge to all registrants for 2 weeks following each program. You may register for individual webinars, or register for both and receive a discount!

Registration Fees	Members	Non-Members
Individual Webinar (each)	\$169	\$269
Both Webinars	\$299	\$499

Registration deadline: *One week prior to each program.* A **\$30 late fee** will be charged per person for each registration received after the deadline. **Payment/Cancellation Policy:** Payment must be made in advance of the program. Due to the expense of using the telephone/web hook-up, Webinar registrations may not be shared between agencies. Your registration covers the access of only **one log in** to the webinar. Handouts and related materials will be sent to you shortly before the program to the email address you provide. Refunds will be issued for those that cancel up to three (3) days prior to the program. Cancellations made less than 3 business days, or 'no shows' will forfeit the registration fee. Cancellations must be received in writing via e-mail.
