

OASIS-C1

Two FULL day OASIS-C1 Data Collection Rules & Guidance workshop, with optional Certificate for OASIS Specialist-Clinical Exam Administration.

BLUEPRINT FOR OASIS ACCURACY – OASIS-C1 DATA SET

Effective, up-to-the-minute education targeted for field data collectors, their supervisors and those preparing for the COS-C Exam.

Experience the comprehensive and nationally acclaimed two-day Blueprint for OASIS Accuracy workshop and learn to confidently teach, audit and collect OASIS-C1 items accurately. Through guided, expert instruction, and participation in problem-solving discussions and application scenarios, achieve mastery of the OASIS items, conventions, and the latest data collection rules.

Rather than provide opinions, assumptions, or unfounded interpretations, the “Blueprint” presenters will model reliance on CMS guidance documents and provide and demonstrate strategies for how to find defensible answers to your OASIS questions.

This two-day course has been approved for 13 Contact Hours, offered by the Home Care Association of New Hampshire. No credits will be awarded for partial attendance.

COS-C EXAM

The Certificate for OASIS Specialist-Clinical (COS-C) Exam is a voluntary certificate examination for those interested in demonstrating and establishing their expertise and commitment to OASIS data accuracy. Administered the day following the Blueprint for OASIS Accuracy training, the scope of the COS-C exam is similar to the Blueprint workshop agenda, covering CMS guidelines related to OASIS time points, regulations, patient populations, and OASIS-C1 item specific scoring. Candidates who successfully pass the examination are awarded the COS-C designation.

WORKSHOP FACILITATORS

RHONDA WILL
RN, BS, BCHH-C, COS-C

Rhonda, a registered nurse, has been in home care since 1979 as a direct care provider, intake and utilization manager, quality improvement coordinator, and staff educator. Since 1999, she has developed and conducted provider training nationally related to OASIS, diagnosis coding and regulatory compliance. Rhonda specializes in medical record review to identify OASIS and coding accuracy and to determine compliance with the Medicare Home Health and Hospice benefits. She currently provides content expertise to the CMS OASIS Q&A Mailbox Contract. She holds both the Certificate for OASIS Specialist-Clinical (COS-C) and Board Certified Home Health-Coding (BCHH-C) designation and is an AHIMA approved ICD-10-CM trainer. Rhonda is a Senior Consultant with OASIS Answers, Inc.

KELLIE CASWELL
RN, BSN, COS-C

Kellie is a registered nurse with a long-standing background in governmental program consultation and oversight. She recently served as the OASIS Education Coordinator for Florida. She has provided OASIS training to home health agencies as well as providing national home health surveyor training for the Centers for Medicare & Medicaid Services (CMS). In addition to her home health expertise, Kellie has served as a Registered Nurse Consultant for the Agency for Health Care Administration, conducting fraud and abuse investigations and providing support and education to multiple healthcare settings. She provides support to the CMS Home Health Quality Reporting Program Contract and the CMS OASIS Q&A Contract. Kellie holds the Certificate for OASIS Specialist – Clinical (COS-C) designation, is a certified professional coder, and is a Senior Consultant with OASIS Answers, Inc.

CERTIFICATE FOR OASIS SPECIALIST-CLINICAL EXAM
