

Ice Grip Program 2018-2019

Managing Winter Slips and Falls

The winter months in New England can be very icy and snowy. Slips and falls on icy surfaces are the number one cause of winter-time injuries and rising workers' compensation costs. When it comes to slip and fall prevention, there can be no shortcuts. The only way to reduce accidents is through a comprehensive slip and fall program. One of the first steps any organization should take is to provide ice walking devices such as "ice grips", along with sanding/salting walking areas/parking lots and using entrance weather mats.

After some extensive research and comparison FutureComp has developed a program for "ice grips" with the Jordan David Company.

Spare Spikes

Some quick facts regarding the "Spare Spike":

- Durable
- Lightweight
- Easy on/off
- Compact
- Available in sizes XS - XXL
- Guaranteed for Life under normal wear and tear
- Can be worn while driving
- Won the 2010 Occupational Health and Safety's New Product of the Year Award

The Spare Spike usually sells for \$24.95, but Future Comp has been able to negotiate a discounted rate of \$15.95 for our valued customers.

Easy Spikes

Very similar to Spare Spikes, offers all the great benefits you have come to know - except it only comes in four sizes (s, m, l, xl). The regular price of \$23.95 is being offered to us for \$13.95.

- Over-the-shoe- stretch device with 11 studs per foot
- Economical, lightweight and versatile solution to preventing slips on ice and snow
- Designed for easy on/off

TIPS FOR MANAGING WINTER TRIPS, SLIPS, AND FALLS

- Perfect solution for preventing slips and falls in parking lots

Program Information

Bill Coyne, SR. VP from Jordan David Company is assigned to the FutureComp Program and will be the main contact at the manufacturer.

For additional product information please visit: <http://www.winterwalking.com/products/>

All initial ordering needs to go thru me at FutureComp; this is to ensure you get the discounted price. Once we have 300 pairs to be ordered, it will be sent in. Shipment takes about 2 weeks and will be sent directly to your facility with the invoice to be paid within 30 days.

If you wish to order other products, please let me know so I can inquire about a discounted price as well.

If you have any questions or wish to take advantage of this program please submit quantity and size requests to:

Pat Gipps, Senior Loss Control Consultant - Patricia.gipps@usi.com
