

Ice Grip Program 2021-2022

Managing Winter Slips and Falls

The winter months in New England can be very icy and snowy. Slips and falls on icy surfaces are the number one cause of winter-time injuries and rising workers' compensation costs. When it comes to slip and fall prevention, there can be no shortcuts. The only way to reduce accidents is through a comprehensive slip and fall program. One of the first steps any organization should take is to provide ice walking devices such as "ice grips", along with sanding/salting walking areas/parking lots and using entrance weather mats.

After some extensive research and comparison FutureComp has developed a program for "ice grips" with the Jordan David Company - Winter Walking. The two main ice grips that clients are using are:

Spare Spikes

Some quick facts regarding the "Spare Spike":

- Durable
- Lightweight
- Easy on/off
- Compact
- Available in sizes XS - XXL
- Guaranteed for Life under normal wear and tear
- Can be worn while driving
- Won the 2010 Occupational Health and Safety's New Product of the Year Award

The Spare Spike usually sells for \$26.95, but Future Comp has been able to negotiate a price for our valued customers.

Easy Spikes

Very similar to Spare Spikes, offers all the great benefits you have come to know in four sizes (s, m, l, xl). The regular price of \$25.95 is being offered to us for \$15.95.

- Over-the-shoe - stretch device with 11 studs per foot
- Economical, lightweight and versatile solution to preventing slips on ice and snow
- Designed for easy on/off
- Perfect solution for preventing slips and falls in parking lots

Please Note that Shipping is Calculated Separately

FutureComp®

Program Details

Bill Coyne, SR. VP from Jordan David Company is assigned to the FutureComp Program and will be the main contact at the manufacturer.

The “NEW “Winter Walking link - <https://www.zeroslips.com/usi> - will provide you not only the ease of ordering; but additional information on each product, pictures and safety tips for walking in the winter.

Important: When completing an online order, it is vital to note via available dropdown box that you are ordering on behalf of **USI Insurance Client** in order to receive available discounts.

Shipment can take from 48 hrs. to 1 week for most orders; and will be sent directly to your facility with the invoice to be paid within 30 days. Please be considerate of potential shipping delays due to the pandemic.

If you have any questions or are interested in other products that Winter Walking provides, please feel free to contact Bill directly at Winter Walking - 1-888-667-5477 or email at Bill@WinterWalking.com or Rob Bolduc, Loss Control Manager & Consultant with FutureComp that is overseeing the Ice Grip Program - Robert.Bolduc@usi.com
